Dewan of Mysore.

Sir,

I the undersigned beg most humbly and respectfully to submit a copy of the memorial addressed to his Highness the Maharaja of Mysore in the matter of the grant of a suitable site for the construction of a Free Boarding School for boys of the Maharata Community.

The memorial explains every thing fully. I humbly request of you to be so good as to visit the place, look into the grievances, and if our representations are correct, be so good as to allot any one of the sites A, B, C, D, in lieu of site F, now reserved.

As the work has been long delayed and I have been prayed for for which act of kindness I and the people shall feel much grateful.

I am, Sir,

Sir,

Very much obliged,

To,

His Highness Maharajah

Sri Krishna Raja Wodeyar Bahadur, G.C.S.I.,

Maharajah of Mysore.

May it please your Highness,

The humble memorial of Sujjan Rao Suravamsey, a Maharatta subject of your Highness and a merchant in the city of Bangalore humbly sheweth:-

1. That memorialist is one of the representatives of the Maharatta community in Mysore and begs to lay this memorial at your Highness' feet in the interest and well being of his class of people.

2. That one B.Venkata Rao, a well-to-do member of the Maharatta community, (and a maternal uncle of the memorialist) who was anxious to work for the advancement of his class of people, bequeathed at his death in 1907, a sum of Rs.40,000/- to be spent in the establishment of a Boarding house for poor Maharatta students in Mysore.

3. That memorialist ventures to lay at your Highness' feet the fact that Maharatta people are still very backward in education and status, and much still remains to be done to raise them to the present day standard. It was the ambition of the deceased to achieve this end.

4. That it has devolved upon the memorialist and others of his community to work in the cause of their people.

5. That as a first step in this direction, memorialist and others decided to construct first of all, a decent building for use as a Boarding house, to accommodate some 40 or 50 students at their own cost and utilize the investment of Rs.40,000 made

2.

made by the deceased in defraying the expenses of feeding, clothing and educating the students attending the school

6. That memorialist accordingly approached Government in 1908 for a suitable site for the purpose and suggested the vacant site to the East of the City Institute near the Fort for the purpose.

7. That the application was considered by Government, and a site measuring about 3 acres lying to the west of the eastern boundary of the new Bankarapur Extension was granted to him. Vide copy of Proceedings submitted for kind perusal

8. That when memorialist took possession of the site to arrange starting work, it was noticed that within the area was a big drain 17 feet wide and 7 feet deep, running almost to the whole length, which cut the site into two, and that there was also a lower portion at one end in the north where much water could collect and stagnate. Consequently, the site both by appearance and in a sanitary point of view, was unsuited for the purposes of a free Boarding house. A Plan showing this site is appended. Vide Plan marked A

9. That memorialist brought these disadvantages to the notice of the new Extension Committee, at whose recommendation the memorialist learnt the site had been originally granted and prayed for a more eligible site in the neighbourhood. The memorialist also took the liberty of applying for another site situated directly opposite the present one on the land known as Chikkanna's Tope both of which were said to be available

10. That memorialist was informed in Endorsement No. 289 dated 5th June 1909, copy appended for kind perusal, that the site asked for, could not be granted and observed that the site already granted was not unsuitable for the students' Home

11. That, not wishing to delay the establishment of the charities, pending the question of suitable site, the memorialist started the Boarding Institution in a rented house in Sasavangudi, with the help and co-operation of the Committee consisting of the gentlemen noted in the appended list from the 27th August 1909, and some 20 boys attending the local schools are at present fed in this Institution.

12. That memorialist has no alternative but to approach your Highness in the matter of the grant of a suitable site. He is grateful for what has been so graciously bestowed but he begs to submit that the site so granted is not free from objection - a storm water drain or a depository of standing water within a few feet of a Boarding house would not be conducive to the health and well being of the boarders. Besides the Vokkaligara Sangha, the Jain Community and other kindred institutions which spring up in close proximity, have been more fortunate in the choice of their sites. Our site as the plan marked B will show, is at one end bordering the eastern boundary of the Mutt Extension and completely shuts out our building from the main roads. On the other hand sites marked A, B, C and D shewn in plan B are at the disposal of the Government and remain unallotted. They are more central and nearer to the Fort centre road. Site A in the plan faces the City Institute and other public buildings which are soon to rise and is by the side of the Vokkaligara Sangha and, as such, more adaptable for a public building. Site B is on a line with the Jain Home the Theosophical Society and the City Institute and possesses equal advantages. Sites C and D which are on either side of the Fort centre road are equally well situated. Site E (not granted to memorialist) is in one corner and quite out of line of the other public buildings. Memorialist is anxious that the building he intends to raise should be a decent one situated in a good locality.
